Contract between the Alawa and Marra Land Trusts and Mr. Craig Sheldon of Heli-ops.

Heli-ops is to provide the aerial shooting control of feral animals on the two mapped Land Trust areas of the Northern Territory.

For the fixed hourly rate of \$900+GST as an onsite aerial culling rate.

All ferry times and costs are not included and are the responsibility of Heli-ops.

Target species to be culled are all sighted feral pig, donkey, horse and buffalo.

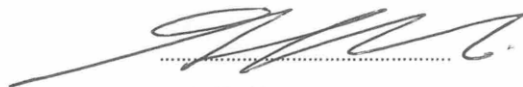

All culled animals are to be recorded by number, species and GPS co-ordinate.

This contract is ongoing and is to commence with a scheduled cull between July 2 and July 5, 2019.
