Kangaroo Supply Contract.

Roar Meat contracts Heli-Ops P/L to supply fresh kangaroo carcass to our Murray Bridge chillers as seasonal requirements dictate.

Numbers received shall be at the sole discretion of Roar Meat.

Roar Meat will maintain the chillers, remove all carcasses and pay on a per kilogram basis.

Remuneration will vary with seasonal demand and remains commercial in confidence.

The following points are mandatory for all kangaroos received.

1. Specie may be western grey, eastern grey or euro.
2. All must be headshot only to ensure no bullet fragments remain in the useable meat.
3. All must be dressed with head removed , fully gutted but with internal organs intact.
4. Dressed weight must exceed 15 kilograms. Roar Meat supplies quality animal feed to the following Australian zoos and represents a sustainable use of culled animals as an alternative to culling to waste.

Yours Truly

Heli-Ops
